

Subject: Pets

Purpose: To Establish Guidelines for Pets on GRF Property

Except as set forth herein or elsewhere in the Rules, Policies and Procedures of GRF or as otherwise expressly authorized by GRF, pets of any kind are not allowed at any time in GRF recreational facilities, clubhouses, swimming pool areas, golf courses, etc., with the exception of service/working animals.

Pets must be leashed or in closed carriers at all times on GRF property, except in areas and at times which have been specifically designated to permit unleashed, supervised pets.

Pets on leash or in carriers are allowed on GRF buses and exterior courtyards and patios (unless otherwise designated or prohibited by law), provided they show no aggressive tendencies towards other pets or people.

While on GRF property, owners are responsible for the acts of their pets, and should defer to the rights of other Members and guests on GRF property by avoiding unwanted contact or disruptions to use and enjoyment by GRF Members and their guests.

Pet owners must clean up and remove any waste left by a pet. Pet waste must be properly disposed of only in appropriate covered trash receptacles.

Violations of this policy may result in a particular pet being banned from areas of GRF and /or other possible sanctions.
